From

K. MATTHAN Esq.,

Food Controller in Mysore,

BANGALORE.

To

C. S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to the Govt. of Mysore,

B a n g a l o r e.

Sir,

In regard to the disposal of the Mysore contract rice, viz., 25,000 pallas, of which about one-fourth is of first sort and three-fourths is second sort obtained at Rs.15-0-0 and Rs.12-12-0 per palla respectively, I have the honour to state that taking into consideration depot charges, cart hire, etc., arrangements were originally made to issue the rice both in the Mysore City and elsewhere at Rs.15-12-0 and Rs.13-8-0 respectively delivered at Mysore. It was subsequently found that the effect of issuing rice in Mysore at Rs.13-8-0 per palla and the sale of the same at 7 to 7½ seers a rupee led to merchants not trying to obtain stocks on the ground that they could not get paddy at prices that would enable them to sell at the same prices. In Shimoga and Chitaldrug also the result of putting Mysore rice very cheap on the market ^{was} that all local stocks were suppressed. At a personal consultation with Government on the 19th January 1919, it was resolved that rice should be made available at Mysore at the maximum price only and consequently

Proceedings of the Government of His Highness
the Maharaja of Mysore

Read:--

Para 2 of the Notes made by the Food Controller of his tour from the 19th to the 23rd February 1919, regarding the contract with the Mills at Mysore for the supply of rice to Government.

Order No. G. 18580/P.P. 134-18-345.

Dated Bangalore, 25th February 1919.

From the report made in the Tour Notes, Government observe that the mills are not only not delivering the stipulated quantities to Government but are supplying large quantities of rice to outside merchants at high rates.

2. The Food Controller is requested to warn the Mill Contractors that if they do not fulfil the terms of the contract within the stipulated time or as a matter of grace within such further time as he may deem fit to grant, the deposits made by them would be forfeited and further action taken under the terms of the contract to recover the damages that Government may sustain. The Food Controller is also authorised to commandeer the stocks in the mills if necessary under the powers conferred on him in Government Notification No. G. 8772/P.P. 134-18-4, dated 14th November 1918.

(Sd.) C.S. Balasundaram Iyer,
Chief Secretary to Government.

Camp Mysore,
Bangalore Dated 14th March 1919

*File for
submit to
Dewan for
reference.*

My dear Balasundaram Iyer,

As desired in your D.O. No. G.20169
of the 9th instant, I enclose a note regarding
the Mysore Rice Mill contract.

I have sent a copy direct to the Dewan
in Camp.

Yours sincerely,

H. ...

KM/MPH.

Memorandum regarding the contract with Mysore Mills for the supply of rice.

The mills which have contracted for the supply are (1) Cauvery Rice Mill, (2) Chamundi Rice Mill and (3) Kasiviswanath Rice Mill. The quantities contracted for are 10,000 pallas, 5,000 pallas and 10,000 pallas respectively, of which one-fourth is to be first sort rice and three-fourth is to be second sort rice. The quantities actually delivered during the months of December, January, February and up to 12th March 1919 are shown in the annexed statement. It will be seen that the Cauvery Mill has supplied 4,516 pallas against 10,000 pallas contracted for and Chamundi Mill has supplied 3,536 pallas against 5,000 pallas contracted for and Kasi Viswanatha Rice Mill about 4,610 pallas against 10,000 pallas contracted for.

2. The whole quantity contracted for should have been delivered by the 15th ultimo. Notices were issued to them to complete the deliveries within such further time as they might obtain on application to me. There has been no response from the Cauvery Rice Mill. The Chamundi Mill and the Kasi Viswanatha Mill have applied for extension of time to the middle of next month and I have given them this extension. These mills from which the deliveries have been very slack have now resumed the supplies and I think they will complete their contract. I have however transferred their security deposits of 5,000 rupees and 10,000 rupees respectively from their names to my name.

No reply has been received from the Proprietor of the Cauvery Rice Mill. I understand he has been consulting lawyers as to his position. His security deposit consists of 10,000 rupees worth of Government Promissory Notes duly endorsed in my favour. I shall make a further effort to make him deliver the balance according to his contract. If he proves to be recalcitrant it will be necessary to file a suit for damages after consulting the Government Advocate.

3. Out of 12,661 pallas of rice received in all from the three mills, 11,175 pallas have been issued of which, 3,322 pallas have been issued in the Mysore City, the rest have been sent to the various districts except Hassan, which did not want any supply.

Camp Mysore,
14th March 1919.

Quaint
Food Controller & Director
of Civil Supplies in Mysore.

---:0:---

Statement showing the receipts from the mills during the months of December, January, February and March (up to 12th) against the 25,000 pallas of rice contracted for.
